LOS ANGELES BASED INFLUENCER

## about the influencer

As an actress raised in Texas and based in LA, Linda has learned to shop her favorites through sales, sample sales and vintage finds. She loves to mix and match designer items with contemporary SoCal fashion. Linda's idea of heaven involves playing with makeup and skincare, finding boho chic décor, wearing loungewear, working out and organizing drawers Kondo-style.

## about the blog

KANGTHROPOLOGIE encompasses everything that is playful, sassy and savvy. From bikinis to beauty care and everything else in between, Linda would love to partner with brands that have a similar vision and vibe!
